

New rules for Kløvergården's parking area.

To all residents:

The company Parkeringskompagniet will be providing a new parking system at Kløvergården.

This will mean some changes to our parking area, including new signs and rules. We are making these changes to ensure that residents of Kløvergården always have their own parking space available, and to ensure that outside parties do not use Kløvergården's parking area.

Parkeringskompagniet's app – Beboerparkering - can be downloaded to your smartphone, and can be used to create guest permits for friends and family and fixed parking permits. To create a user account, residents must write an e-mail to tobias@parkeringskompagniet.dk stating their apartment number, e-mail address and name.

The new parking rules at Kløvergården begins on Monday July 6th, 2018.

If you are unsure about anything or have additional questions about parking, feel free to contact tobias@parkeringskompagniet.dk.

We can also be reached by phone at 88 77 31 50 during our opening hours.

We expect a quick transition to the new system.

Yours sincerely

Parkeringskompagniet and Kollegiekontoret
